The West Point Science Fair

Join us for a full day of science and innovative learning

Friday, May 17, 2019

- ↓ Remake Learning activities will be taking place in every classroom throughout the day
- ↓ Parents are welcome to observe any of the classrooms throughout the day (a schedule of events will be available soon)
- ↓ Students in grades K-5 are encouraged to participate in the Science Fair
- ↓ Science Fair projects will be set up in the gym all day on the 17th
- ↓ Students may conduct a Science Fair project alone or partner with fellow students
- ↓ See the attached Science Fair Guidelines to help set up your project
- ↓ Material cost should not exceed \$15.00
- ↓ Projects may not include live animals, dangerous, flammable, or explosive chemicals, candles, matches, or open flame

Science Fair Set Up:

Please bring your Science Fair Project to school on Thursday, March 16th or have it dropped off that evening between 6-8pm. All projects must be set up on Thursday so classes can view the displays during the day on Friday.

Science Fair Awards:

An awards assembly will be held during the evening on the 17th. Parents can view the projects between 5:30-6:30 p.m. Medals will be distributed at 6:30 p.m. Additional awards will be given for the following:

Best Model * Best Experiment * Most Creative

****Please fill out and return the bottom portion of this form to your teacher by
May 10th if you wish to participate in the Science Fair****

Student's Name (s): _____

Room Number(s): _____ Grade(s): _____

Project Title for Program: _____

Please give a brief description of your entry (Note the size if larger than 24" x 24"):

Will there be a demonstration? (volcano eruption, etc.): YES or NO

Registration forms submitted after May 10th are not guaranteed to have student names on medals
